### **About Megabit**

Megabit is Aonic's new publishing arm that was created to support its 1st and 3rd party studio partners. Megabit will provide world class publishing services to support incredible developers around the world. Key titles under Megabit currently in development include Warren Spector's highly anticipated *Thick as Thieves* from Otherside Entertainment and the cozy open world adventure *Lou's Lagoon* from Tiny Roar and more.

### **About Milky Tea**

Milky Tea is no ordinary UK video game development studio. It all started in 2005 with a brainstorm over a cup of tea by two designer-artists who had some big ideas and lots of determination. Today they are a highly skilled team of around 30 dreamers, creative thinkers, engineers, and artists who design, develop, and publish our own video game IPs as well as offering "work for hire" game development services. Their debut game published under the Megabit label is Grit & Valor - 1949.
