London, UK – Dec. 10, 2024 – [Megabit](#), a new publishing arm of [Aonic](#) created to support the company's 1st and 3rd party studios, today revealed all new footage of its upcoming new adventure-exploration game [Lou's Lagoon](#) from developer [Tiny Roar](#) during the [Wholesome Games' Wholesome Snack: TGA Edition showcase](#).

The new gameplay shown in the trailer focuses on features including fishing, house building, flying challenges and new ways players can build out their island. Players are also introduced to an all new island with a variety of shops and characters.

*Lou's Lagoon* combines an exciting adventure experience with life sim elements, resulting in a world teeming with escapades. Features include:

- **An Open World Adventure:** Intrepid explorers will traverse the lush and vibrant Limbo Archipelago in search of your Uncle Lou - who mysteriously disappeared and left you his seaplane delivery service.
- **Build Your Delivery Business:** Adventurers, crafters, and cozy fans alike will enjoy a world full of customization and exploration in completing essential quests, mini-games, challenges, and more as players traverse their way through the Limbo Archipelago building their island delivery business.
- **Take To The Skies:** Use your trusty seaplane to scour the archipelago for new resources to upgrade your gear, and master the art of flying to expand your cargo storage to keep up with the growing demands of your clientele.
- **Discover Secrets and Make New Friends:** Uncover hidden islands, discover charming villages, and unlock valuable resources as you befriend new characters along the way, all while getting closer to the truth about your Uncle Lou's whereabouts.
- **Get Creative:** Players' creative control ensures a unique in-game experience that reflects their style and identity in creating an avatar to build, buildings and objects to craft, a customizable seaplane.
