More than just a game, *OMUT* is an experience—an obsession, a dream, an ephemeral hope, a hallucination, a whirlpool, and a nightmare. Players embark on an unsettling quest to find a red-haired woman from their dreams, guided by a sarcastic skeletal companion, as they face meticulously designed, nightmarish bosses. Each encounter requires unique strategies, ensuring that every battle feels fresh and distinct.

*OMUT* is a challenging journey, demanding skill, cunning, and an iron will. Offering an immersive, hardcore experience that lingers long after the screen fades.

Players can upgrade their weapons, customize their appearance, and explore a vibrant, breathing world that teems with vivid characters, grotesque imagery, and cathartic moments. At its core, *OMUT* explores Baruch's murky business, Pushnowsky's rise to power, and the center of the subconscious, where all horrifying things reside.
